

ABOUT ME

Fatma Abdelmonam Araky
Address: 14 El Shekh Shereif
Street –Ain Shams El Gharbia

Phone: 01026925815

Email:
fatmaalghohary55@gmail.com

SUMMARY

I always work to develop myself in my field of study with language development and the use of various programs on the computer. I always want to gain information and experiences that will help me reach my goal, which is to be the best agricultural engineer

SKILLS

- Ability to work in Teamwork
- The ability to innovate and develop.
 - Use of computer programs.
 - Intermediate level English proficiency

OBJECTIVE

Agricultural engineering specializing in irrigation and drainage systems

EXPERIENCE

Worked in xceed as call center agent for 6 month
And worked in Etisale as Telesale for 1 year

Training at the Agricultural Research Center in Landscape

Accomplishments:-

- Learn about the different types of ornamental plants.
- Learn about landscape design for projects
- Design work on AutoCAD,Realtime.
- Designing irrigation networks and identifying the types of pumps

Training in the farm of the Faculty of Agriculture, Cairo University

Accomplishments:

- Learn about the different types of agricultural mechanization
- Training on how agricultural machinery works.
- Training on different types of farming, irrigation, spraying and harvesting machines

Work for Telecom Egypt

Accomplishments:-

- Proficiency in the use of Microsoft programs
- Increase negotiation skill.
- Ability to plan and organize presentations according to client requirements.

EDUCATION

Faculty of Agriculture, Cairo University

The study was conducted on how to work collectively in solving the resulting problems in agricultural crops using modern engineering and practical methods, Proficiency in designing modern irrigation networks for farms and gardens using modern and advanced irrigation methods such as sprinkler irrigation, drip irrigation and center pivot irrigation, Learn about the internal parts of agricultural mechanization and how to maintain them and know the different capacities of the tractor and the types of agricultural and harvesting machines

REFERENCES

- A statement of success and obtaining a bachelor's degree in agricultural engineering from the Faculty of Agriculture, Cairo University, with a good general grade.
- A training certificate from the Agricultural Research Center and a training certificate from the Faculty of Agriculture, Cairo University
